

How to play this Memory Matching Game:

Print the sheets on card stock paper. Cut them out on the line. After everything is cut out mix the pictures up then place them face down on a hard surface. There are 20 pictures so spread them out evenly. Each player gets to flip over two pictures. If the pictures match the player will then put them in a pile next to them. The next player then takes a turn. Once all of the pictures have been matched the player with the most matched pictures wins.
